

# #TexasPonghorn

## Instructions

### INCLUDED:

- ▶ 2 pong balls
- ▶ 40 #TexasPonghorn cards
- ▶ 1 bandana, multipurpose\*

*\*headband, mask, scarf, wristband, part of your cowboy costume, ascot, a pouch to carry things, pet fashion, game accessory*

### What you bring to the table:

- ▶ Your beverage of choice. (No one said this game had to be played with alcohol.)
- ▶ 6-10 cups, depending on your tolerance (TOLERANCE FOR DARES, YOU HEATHENS).

### TO PLAY:

- 1) Shuffle the #TexasPonghorn cards and place one under each cup.
- 2) Do you know how to play “regular” pong? (Management won’t let us use the B-E-E-R word.) This game has the same rules. BUT if your ball lands in your opponent’s cup they have to:
  - Do the dare on the #TexasPonghorn card under the cup OR
  - Drink the be...VERAGE in their cup.

### Things we know you already know but Management said we had to tell you anyway:

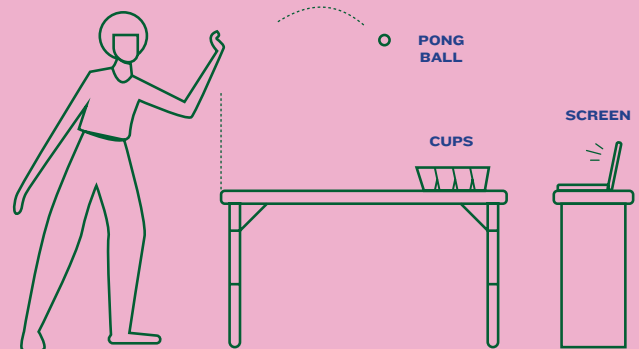

- This game is more fun when everyone is having fun, so if your opponent doesn’t want to do the dare, they can swap in a new card OR drink up.
- Obviously, this game can be played with any beverage. Water, tea, milk, coffee (bold choice but OK), soda, milkshakes (woah), or your fave adult beverage.
- Even in precedented times, it’s pretty gross to drink out of the official game play cups. You don’t know where these balls have been. Use your own cup. Maybe even write your name on it.
- Keep your horns up and always drink responsibly.

### VIRTUAL PLAY

We are NOT encouraging you to gather lots of people at your house for a #TexasPonghorn tourney. NO. But, cutting your jeans into chaps and scream-singing “Deep in the Heart” at your neighbors just isn’t as much fun without friends.

So we figured out how you can turn this into a game you can play with your friends, whether they’re roommates or Zoommates.

- 1) This version of the game also requires WiFi; a laptop, iPad, or cell phone; and a friend who also has a #TexasPonghorn kit.
- 2) You’re gonna set up your pong table like this:

- 3) Play as normal, but be sure your opponent can see their cups on your table and make sure you can see your cups on their table.

Really into this game and want to form your own #TexasPonghorn League? We've got you covered. Download a bracket sheet at [TexasExes.org/TexasPonghorn](https://TexasExes.org/TexasPonghorn) and video call all your friends to get playin'.
